# Project

Development of a Tribal Energy Plan  
For the  
Cabazon Band of Mission Indians

# Organizational Chart

## CABAZON BAND OF MISSION INDIANS

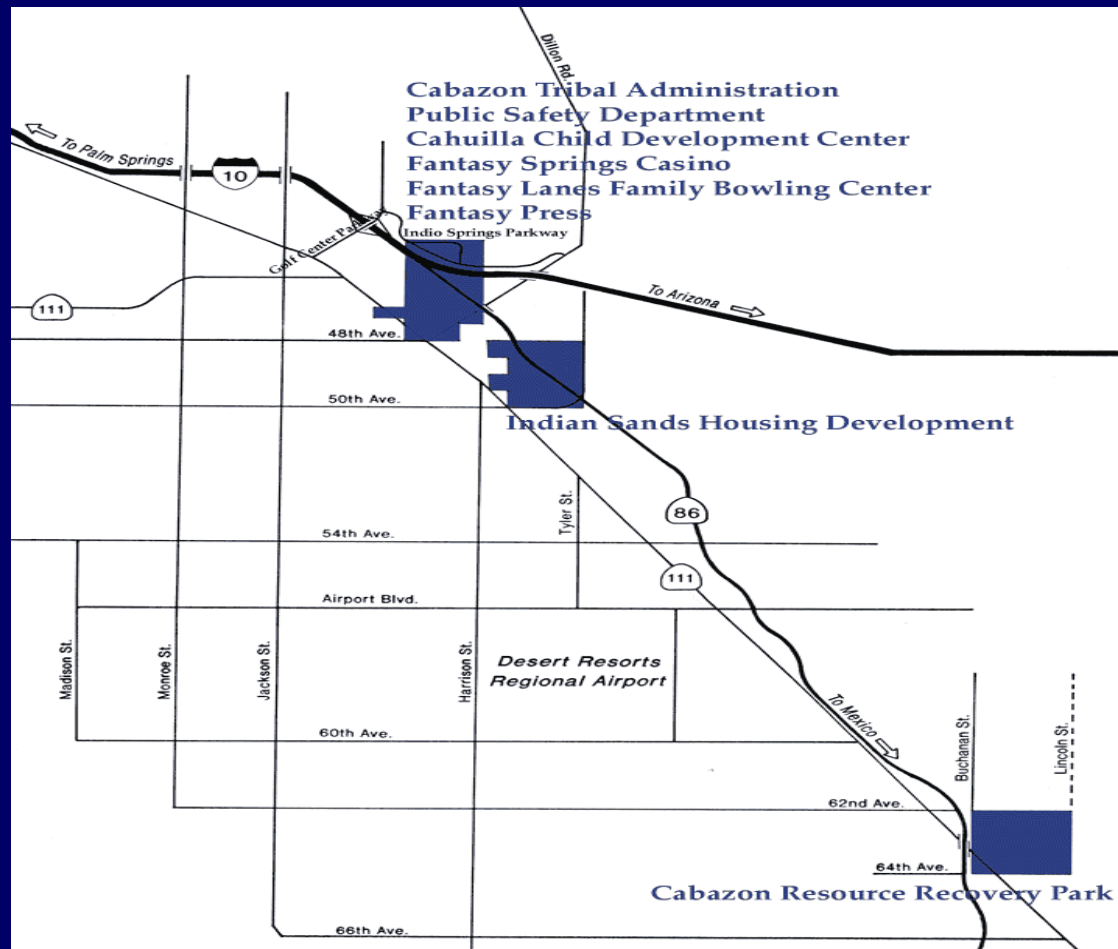

# Today's Situation

- Over the past 15 years the Tribe has pulled itself out of abject poverty.
  - Today the Tribe owns several small businesses and is pursuing several new business ventures.
- 

# Site Location Maps

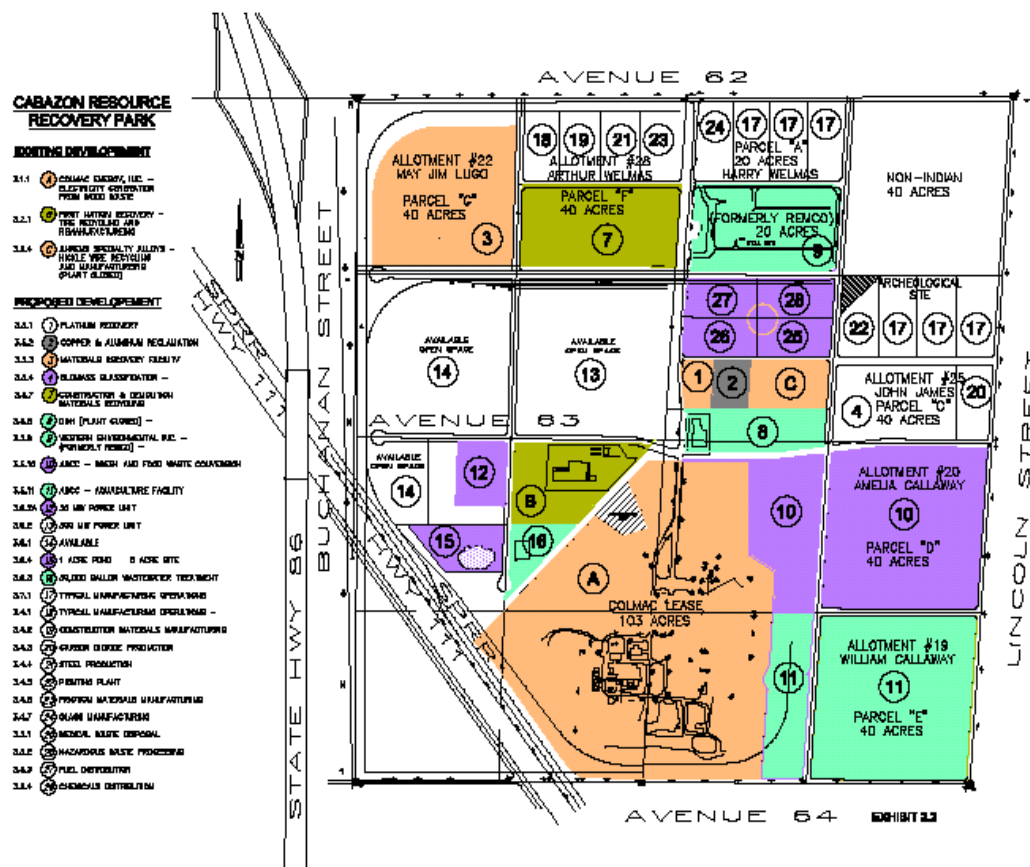

# Tribal Land

# Fantasy Springs Resort and Casino

# Cabazon Resource Recovery Park

# Goal and Objective

- Review and identification of energy options
  - Develop and implement a comprehensive Strategic Energy Plan
- 

# Project Outline

- 
- The Strategic Energy Plan will provide the Cabazon Band of Mission Indians with:
    - Current status of energy supply, usage, and cost;
    - Projected energy requirements;
    - Identification of and guidelines for development of long-term, cost effective sources of energy;
    - Short-term and long-term tribal administration and organizational strategies; and.
    - Identification of opportunities and programs for training tribal members for energy systems administration, operation, and maintenance.
- 

# Background Data

- High cost of purchased energy
  - Growing energy usage
- 

# Requested Technical Support

- Department of Energy staff will be called upon to assist with background data
-
